RESOURCE MANAGEMENT

## **Taking Flight! Master the DISC Styles and Transform Your Career, Your Relationships... Your Life**

What if you held in your hand the instruction manual for dealing with your manager and coworkers? Imagine if this manual contained a secret code that could predict how people will behave in a wide range of situations...including how they will react to you? What if this code not only demystified why you click with some and clank with others, but also revealed the type of work environments where you are likely to thrive?

Such a framework exists through a simple four-style model of behavior known as DISC. This session teaches people about themselves and their coworkers in a way that has never been done before. Participants will learn about themselves and each other through four engaging characters: the Office Eagle, Office Parrot, Office Dove, and Office Owl. They will discover their own behavioral style, and appreciate how they can Take Flight with DISC!

About the Speaker: Merrick Rosenberg is an experienced speaker, facilitator, performance coach, author, and entrepreneur. He co-founded Team Builders Plus in 1991 and has worked with people at all levels, from line staff to senior managers. Merrick co-authored Taking Flight: Master the DISC Styles and Transform Your Career, Your Relationships...Your Life. In fact, Ken Blanchard called Taking Flight! "an instant classic" and Marshall Goldsmith noted, "You'll never look at people quite the same way again."

As President & Chief Learning Officer of Team Builders Plus, he has led his organization to be selected by the Philadelphia Business Journal as one of the Fastest Growing Companies and Best Places to Work in the Philadelphia region. Under his leadership, Team Builders Plus was recently selected as the New Jersey Business of the Year by NJ Biz magazine. Merrick has worked with more than half of the Fortune 100 companies in 44 states and around the world.
